This document confirms that the patient named above has undergone dental crown treatment at our clinic and acknowledges the following:

1. Treatment Satisfaction

Mr. Craig Thorogood hereby declares that he is satisfied with the outcome of his crown treatment. He has inspected the final result, and it meets his aesthetic and functional expectations. The treatment was carried out with his full knowledge, understanding, and cooperation.

2. Informed Consent Regarding Repetitive Treatments

- He has been fully informed about the nature, purpose, and possible consequences of repeated crown treatments.
