

ALL-ON-X TEMPORARY PROSTHESIS

INFORMED CONSENT FORM

Patient Full Name: _____ **Date:** _____

As part of my All-on-X implant treatment, a temporary (provisional) prosthesis may be provided purely for aesthetic purposes during the healing period.

I clearly understand and acknowledge that the temporary prosthesis is NOT designed to protect the implants, does NOT provide chewing or functional support, and must not be considered a functional prosthesis.

The temporary prosthesis is provided only to improve appearance during healing and has no functional or long-term purpose.

Temporary prostheses are commonly fabricated from PMMA or acrylic materials and are fragile, non-durable, and highly prone to fracture, chipping, cracking, loosening, or complete breakage.

Any chewing, biting, consumption of hard or sticky foods, parafunctional habits, or teeth grinding (bruxism) may result in immediate damage or failure of the temporary prosthesis.

Loosening, detachment, screw-related issues, or complete failure of the temporary prosthesis may occur at any time during the healing period.

The aesthetic outcome of the temporary prosthesis is limited and provisional and does not represent the final prosthetic result.

Temporary speech changes, including lisping, may occur and are considered normal during the adaptation period.

NO GUARANTEE: Temporary prostheses are NOT covered under any form of treatment guarantee or warranty. Any repair, adjustment, replacement, or remake may involve additional fees regardless of cause.

OrbisMed Clinics and its doctors bear no responsibility for damage to the temporary prosthesis caused by chewing, dietary choices, poor oral hygiene, smoking, alcohol consumption, trauma, accidents, bruxism, or failure to follow instructions.

I understand that the final prosthesis will be fabricated only after complete healing and osseointegration and that the temporary prosthesis does not represent the final result.

CONSENT CONFIRMATION

I confirm that I have read and understood this document in full, had the opportunity to ask questions, and voluntarily consent to receive a temporary prosthesis under the conditions stated above. I confirm that a copy of this informed consent has been provided to me.
