

COMPOSITE BONDING

INFORMED CONSENT FORM

Patient Full Name: _____ **Date:** _____

Composite bonding is a minimally invasive aesthetic procedure performed to improve tooth shape, colour or minor alignment.

I understand that composite bonding is an aesthetic treatment and that aesthetic perception is subjective.

I acknowledge that composite materials are not as durable or stain-resistant as ceramic restorations.

I understand that composite bonding may discolour, stain or lose surface polish over time due to diet, smoking, alcohol consumption, oral hygiene habits and natural wear.

I acknowledge that composite bonding may chip, crack, wear down, debond or completely detach due to bite forces, bruxism, trauma, nail biting or improper use.

I understand that composite bonding may require periodic maintenance, polishing, repair or replacement.

I acknowledge that composite bonding does not prevent future dental disease and does not strengthen the tooth.

NO GUARANTEE

I understand and accept that **no guarantee or warranty** is provided for composite bonding treatment.

I acknowledge that any repair, replacement, polishing or additional treatment required will involve **additional fees**.

I understand and accept that **hotel accommodation, transfers, flights or any travel-related expenses are NOT provided or covered** for composite bonding treatment.

I acknowledge and accept that colour changes, wear, debonding or aesthetic dissatisfaction are not considered clinical errors, negligence or malpractice.

CONSENT CONFIRMATION

I confirm that I have read, understood and accept the above information, and voluntarily consent to composite bonding treatment. I confirm that a copy of this informed consent has been provided to me.
