

CROWN REMOVAL – INFORMED CONSENT FORM

Patient Full Name: _____

Date: _____

INFORMATION & ACKNOWLEDGEMENT

I understand that the removal of existing dental crowns or bridges is a necessary but potentially risky procedure, as the condition of the underlying tooth structure cannot be fully assessed until the crown is removed.

I acknowledge that during the crown removal process, the underlying tooth may be weakened, cracked, decayed, or structurally compromised due to previous treatments, restorations, or long-term crown use.

I understand that during or after crown removal, the tooth may fracture, crack, or become non-restorable, even when the procedure is performed with appropriate care.

I acknowledge that once an existing crown is removed, additional treatments may become necessary, including but not limited to dental fillings, root canal treatment, fiber post/core, tooth extraction, implant placement, or alternative prosthetic solutions.

I understand that any additional treatments required after crown removal may involve additional fees which are not included in the initial treatment plan or quotation.

I acknowledge and accept that such outcomes are considered clinical risks and complications, not clinical errors, negligence, or improper treatment.

I understand that teeth with previous root canal treatment, large fillings, multiple restorations, or long-term crown coverage carry a higher risk of fracture or failure during crown removal.

I understand that OrbisMed Clinics and its doctors cannot guarantee the restorability or long-term prognosis of a tooth after crown removal.

CONSENT CONFIRMATION

I confirm that I have read this document in full, understood its contents, had the opportunity to ask questions, and received satisfactory explanations. I voluntarily consent to the removal of my existing crown(s).

I confirm that a copy of this informed consent has been provided to me.
