

CROWN TREATMENT – INFORMED CONSENT FORM

Patient Full Name: _____

Date: _____

INFORMATION & ACKNOWLEDGEMENT

I understand that crown treatment requires irreversible preparation (shaving) of my natural tooth, and the removed tooth structure cannot be restored.

I understand that after my tooth is prepared for a crown, temporary or permanent sensitivity, pain, or discomfort may occur.

I acknowledge that a tooth may lose its vitality after crown preparation, even if it was healthy before treatment.

I understand that following tooth preparation, additional treatments such as dental fillings, root canal treatment, fiber post/core, or tooth extraction may become necessary depending on the clinical condition of the tooth.

I acknowledge and accept that any additional treatments required after tooth preparation may involve additional fees which are not included in the initial crown treatment cost.

I understand that such additional treatments and related fees are considered a medical necessity and do not constitute a treatment error, negligence, or misrepresentation.

I understand that the condition of a tooth cannot always be fully assessed before treatment, especially under existing restorations or crowns.

I acknowledge that teeth grinding or clenching (bruxism) significantly increases the risk of crown fracture, chipping, loosening, or failure.

I understand that crowns are not indestructible and may wear, chip, fracture, or require replacement over time.

I understand that aesthetic outcomes are subjective, and no dental treatment can be guaranteed to be 100% successful.
