

EMAX CROWNS

INFORMED CONSENT FORM

Patient Full Name: _____ **Date:** _____

Emax crowns are full-coverage ceramic restorations designed to restore tooth structure, function and aesthetics.

Crown preparation requires irreversible reduction of natural tooth structure. Sensitivity or discomfort may occur.

Underlying decay, cracks or infection may be discovered after preparation, which may require additional treatment such as fillings or root canal treatment.

Crowns may chip, crack, fracture or debond due to bite forces, trauma, bruxism, nail biting or improper use.

Colour and appearance may vary under different lighting conditions. Minor aesthetic differences are not clinical errors.

Crowns do not prevent future dental disease. Proper oral hygiene and regular maintenance are essential.

LIMITED TREATMENT GUARANTEE

OrbisMed Clinics provides a limited treatment guarantee for Emax crowns.

This guarantee does NOT cover patient-related factors including bruxism, clenching, trauma, accidents, improper use, poor oral hygiene, smoking, alcohol consumption, failure to use recommended protective appliances or missed follow-up visits.

The guarantee does NOT include hotel accommodation, transfers, flights or any travel-related expenses.

Any repair, replacement or additional treatment required outside the guarantee scope will involve additional fees.

Aesthetic dissatisfaction or patient-related complications do not constitute clinical error, negligence or malpractice.

CONSENT CONFIRMATION

I confirm that I have read, understood and accept the above information, and voluntarily consent to Emax crown treatment. I confirm that a copy of this informed consent has been provided to me.
