

LAMINATE VENEERS

INFORMED CONSENT FORM

Patient Full Name: _____ **Date:** _____

Laminate veneers are thin ceramic restorations primarily intended to improve dental aesthetics. Aesthetic perception is subjective.

Colour, shape, translucency and brightness may vary under different lighting conditions, photographs or digital screens. Minor differences are not clinical errors.

Tooth preparation involves irreversible enamel reduction. Temporary sensitivity or discomfort may occur.

Veneers may chip, crack, debond or fracture due to bite forces, bruxism, trauma, nail biting, improper use or poor oral hygiene.

Veneers do not prevent future dental disease. Proper oral hygiene and maintenance are essential.

LIMITED 2-YEAR GUARANTEE

OrbisMed Clinics provides a **2-year limited treatment guarantee** for laminate veneers.

This guarantee does NOT cover patient-related factors including bruxism, clenching, trauma, accidents, improper use, poor oral hygiene, smoking, alcohol consumption, failure to use recommended protective appliances, or missed follow-up visits.

The guarantee does NOT include hotel accommodation, transfers, flights or any travel-related expenses.

Any repair, replacement or additional treatment required outside the guarantee scope will involve additional fees.

Aesthetic dissatisfaction or patient-related complications do not constitute clinical error, negligence or malpractice.
