

SEDATION (CONSCIOUS SEDATION)

INFORMED CONSENT FORM

Patient Full Name: _____ **Date:** _____

I understand that conscious sedation is provided to reduce anxiety, discomfort, and stress during dental treatment.

I understand that conscious sedation is NOT general anesthesia and that I will remain responsive and able to breathe independently.

I acknowledge that sedation may cause side effects including drowsiness, dizziness, nausea, headache, dry mouth, memory impairment, or paradoxical reactions.

I understand that individual responses to sedative medications may vary and cannot be predicted with certainty.

I confirm that I have provided complete and accurate medical information including medications, allergies, and systemic conditions.

I understand that failure to disclose medical information may increase risks and releases the clinic from responsibility for related complications.

I confirm that I have not consumed alcohol for at least **24 hours prior to sedation**.

I understand that alcohol consumption before or after sedation may significantly increase medical risks including respiratory depression and delayed recovery.

I acknowledge that failure to disclose alcohol consumption releases the clinic from responsibility for related complications.

I confirm that I have followed fasting instructions (if applicable) and understand that failure to do so may result in cancellation of treatment.

I understand that after sedation I must not drive, operate machinery, consume alcohol, or make important decisions for at least 24 hours.

I acknowledge and accept that complications related to sedation are considered medical risks and not clinical errors, negligence, or improper treatment.

I understand that sedation does not guarantee pain-free treatment outcomes or treatment success.
