Warranty Coverage

First Year – Full Coverage

During the first year, your treatment remains under clinical review. If a genuine clinical issue occurs within this period such as a manufacturing defect, implant failure, or application-related problem, our clinic will provide the necessary corrections at no cost. This includes covering your accommodation and airport transfers during your visit.

After One Year – Lifetime Support, Limited Coverage

After the first year, your treatment is considered clinically successful.

Issues that may arise later are generally related to patient factors, such as teeth grinding, gum recession, or oral hygiene habits. However, OrbisMed Clinics continues to support you under warranty:

- If an **implant fails**, it will be replaced **free of charge**.
- If a **crown or bridge requires repair or replacement**, it will also be renewed **free of charge, provided there is no misuse, neglect, or damage caused by external factors** (for example, accidents, chewing hard objects, or lack of maintenance)

Please note that after the first year, **accommodation and transfer services are not included** for these visits.

This warranty policy reflects international dental standards and ensures fair, ongoing support for all our patients.

Certificates & Authenticity

All patients receive official **Implant Passports** and **Crown Certificates** during their treatment visits.

These documents confirm the authenticity and origin of all materials used in your treatment, including the **LOT** and **REF** numbers from the manufacturer.

Each certificate specifies:

- The **implant brand and model** (e.g., Straumann Neodent)
- The **crown material and manufacturer** (e.g., VITA Zahnfabrik Zirconia)
- The **LOT and REF numbers** that trace each product directly to its production batch

These records serve as your lifetime proof of material authenticity and comply with international dental standards.

The treatment includes:

- Free consultation including a quote
- Free dental check-up incl. 3D jaw tomography
- All preliminary and follow-up examinations and treatments.
- Personal patient care
- Return Airport/Hotel Personal transfer
- Accommodation on visit with our corporate hotels

Payment of the treatment

- The payment for the treatment takes place as you arrived at the clinic.
- You only pay for the part of the treatment that was performed.

For any further questions you can contact us at any time.

Best regards
