Please note,

The required multi-abutment sets may vary in cost depending on the brand and the supplying company. Since those components were previously placed in another clinic, we will need to adjust the existing structure. Once the necessary sets are ordered, the company invoices us directly, and the exact invoiced amount will be reflected to you without any additional charges. If we have already worked with your implant brand and the compatible parts are available in our clinic, we will of course provide them without any extra cost.
